Lane restriction on US 41 in Winnebago County

Overnight lane closure

(Green Bay) The Wisconsin Department of Transportation (WisDOT) NE regional office at Green Bay is announcing that the left (passing) lane of northbound US 41 between the US 45 interchange and County Y is expected to be closed August 11, 2009 from 9 p.m. to 5 a.m. in Winnebago County. The lane restriction is in the area of the future Fountain Avenue/Snell Road overpass.

The closure is needed to allow the contractor to construct an access point for future median work. The construction is part of the US 41 Project. Motorists are advised to use caution and remain alert when driving through this or any work zone.

About the project

WisDOT is initiating expansion and improvement of two segments of US 41 totaling 31 miles. The project will include road expansion to accommodate traffic volume, improved interchanges and expansion of the Lake Butte des Morts Causeway. The project, beginning in summer 2009, will improve safety and ease congestion for travelers. Current construction information and details about the project can be found at www.dot.wisconsin.gov.
